

GEORGE FREDRICK MWANGA

Computer Science Student -- Computer Networking

Dar es Salaam, Tanzania | +255 762 358 050 | georgemwanga116@gmail.com | github.com/isitgee | isitgee.github.io

PROFESSIONAL SUMMARY

BSc Computer Science student at the University of Dar es Salaam with a primary focus on computer networking. Gained hands-on exposure to fibre optic networking, GPON technology, and telecommunications infrastructure during an industrial training placement at TTCL, including practical work with Cisco Packet Tracer, IP addressing, and basic routing. Currently building a personal Networking Home Lab to simulate building-scale network topologies and pursuing CCNA certification. Complements a networking focus with working knowledge of web development and UI/UX design through personal projects.

TECHNICAL SKILLS

Networking & IT: Computer Networking, Cisco Networking, Cisco Packet Tracer, IP Addressing, Basic Routing, Network Troubleshooting, Network Connectivity Testing, Fibre Optic Networking, GPON, General IT, Windows

Web Development: HTML, CSS, Git, GitHub, Visual Studio Code

UI/UX & Design: Figma, UI/UX Design, Adobe Photoshop

PROFESSIONAL EXPERIENCE

Industrial Trainee Networking / Fibre & GPON | Tanzania Telecommunications Corporation (TTCL)

July 2025 – September 2025 | Arusha, Tanzania

Gained practical exposure to fibre optic networking and GPON technology within a live telecommunications network environment.

Assisted with fibre cable handling, installation, and optical surveying under supervision.

Practiced IP addressing and basic routing concepts using Cisco Packet Tracer.

Participated in network connectivity testing and troubleshooting activities supporting telecommunications infrastructure.

Supported day-to-day networking operations within a professional telecommunications environment.

SELECTED PROJECTS

Networking Home Lab: Personal Project (In Development)

Building a personal home lab to apply and reinforce CCNA-related networking concepts.

Virtualizing a complete building-scale network system in Cisco Packet Tracer, covering network topology design, IP addressing, routing, and device configuration.

Demonstrates practical, hands-on understanding of networking concepts beyond coursework theory.

GeePlays Gaming Hub: Personal Project (In Development)

Developing a personal web platform concept for gamers, intended to provide access to pre-installed games, gaming news, and game recommendations.

Reflects applied interest in web development, digital product concepts, and user experience.

TTCL App UI/UX Design: Personal / Design Project

Designed a user interface concept for a TTCL application using Figma.

Applied UI/UX design thinking to structure a digital product interface, focusing on layout and interaction flow.

EDUCATION

BSc in Computer Science: University of Dar es Salaam (UDSM)

Third Year | Expected Graduation: 2027

Advanced Certificate of Secondary Education (ACSEE): Ilboru Secondary School

2022 – 2024

Ordinary Secondary Education (CSEE): Nyerere High School, Migoli

2018 – 2021

PROFESSIONAL DEVELOPMENT

Cisco Certified Network Associate (CCNA) — In Progress

ACADEMIC ACHIEVEMENTS

Ranked among the Top 20 students in Tanzania — ACSEE 2024, Ilboru Secondary School

Ranked among the Top 10 students in Iringa Region — CSEE 2021, Nyerere High School, Migoli

LANGUAGES

English, Swahili
